Toronto Metropolitan University

Faculty of Engineering & Architectural Science

June 4, 2026

Dear Ramtin Soleymani,

I am pleased to inform you that your academic performance in the Electrical Engineering program has earned you a place on the Winter 2026 Dean's List in the Faculty of Engineering and Architectural Science.

Heartiest Congratulations! This special recognition of outstanding academic achievement reflects considerable effort and ability and should be a source of great personal satisfaction. This accomplishment also aligns with the Elevate FEAS (2025–2030) strategic plan's emphasis on student success and preparing future-ready graduates through strong academic foundations and purposeful learning. We are proud to have bright, creative students such as yourself as part of our faculty.

Congratulations again, and I wish you all the best in your academic and career pursuits.

Sincerely,

Sri Krishnan, Ph.D., P.Eng., FCAE
Dean, Faculty of Engineering and Architectural Science
Professor, Dept. Electrical, Computer, & Biomedical Engineering
Toronto Metropolitan University (TMU), Canada
